TE STYLE SHEET

FIRST DRAFT DIES

GLASSES PIECES

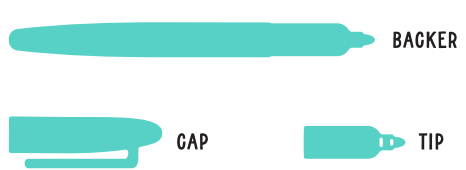

LET'S MAKE SOME GLASSES!

Die cut your glasses pieces and assemble by gluing the ends of the arms to the flat ends on either side of the frames.

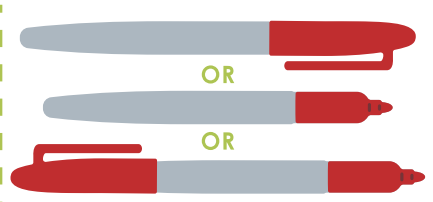

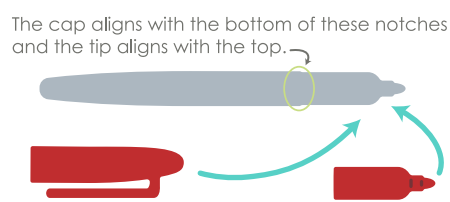

MARKER PIECES

LET'S MAKE A MARKER!

Die cut your marker pieces and assemble by aligning and gluing either the tip or cap (or both if you're feeling spicy) to the backer.

PEN PIECES

LET'S MAKE A PEN!

Die cut your pen pieces and assemble by gluing the clip to the cap portion near the top.

PENCIL PIECES

LET'S MAKE A PENCIL!

- 1 Die cut the pencil pieces. We recommend Toffee cardstock for the backer. Start assembly by gluing the eraser to the rounded end of the backer.
- 2 Glue on the metal band by aligning it to the backer and the bottom edge of the eraser.
- 3 Glue on the body by aligning it to the backer and the bottom edge of the metal band.
- 4 With your favorite writing utensil, darken the tip to simulate a sharpened pencil.
