TE STYLE SHEET

I'M A HUGGER- FOX

1 Die cut your fox pieces, and start assembly by gluing the ear backers to the backside of the body.

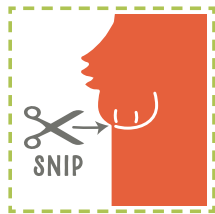

2 Adhere the face mask die cut to the body lining up the fuzzy cheeks.

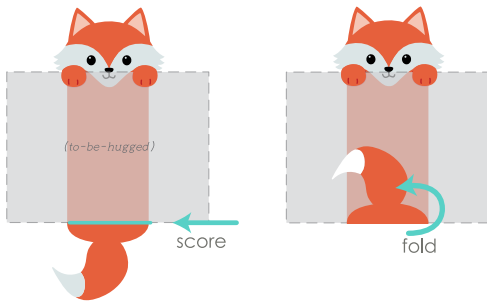

3 Place your face. The Nose, whether clear stamped or die cut, should be aligned at the base of the V shape created by the mask. Add eyes to the mask area with the clear stamp.

4 Snip the tiny paper connection between the body and the cut-in paw line. Then, slide your "to-be-hugged" under the paws.

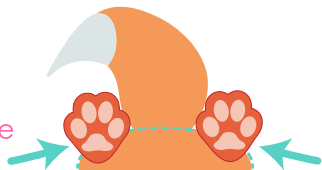

5 Score the body in a straight line along the the bottom edge of the "to-be-hugged", and fold the body upwards to wrap.

6 Assemble the fox feet and glue them onto the folded foxy-patootie.

Glue the feet and tail along the bottom edge for best effect.

FOXY PIEGES

MAKE A HUGGER STAND

Cut a 1" x 5.5" strip. Score in the middle and .75" from each end. Fold into a triangle and glue the two end flaps together. Glue triangular stand to the back of your hugger.
