

TE STYLE SHEET

I'M A HUGGER-UNICORN

- A** Die cut your unicorn pieces, and start assembly by gluing the ear backers to the backside of the body.
- B** Glue the horn to the front between the ears.
- C** Align the bottom of the nose with the cut in line and glue.
- D** Stamp the face. Use the mouth as your alignment guide.
- E** The unicorn mane aligns with the far side of the face and the top of the head. Glue to the back of the head.
- F** Glue the forelock to the front between the ears.
- G** Add hooves! Apply glue **only in the space between the 2 impressed lines**.
- H** Align the top of the hoof with the upper impress line. This allows some of the hoof to hang over the peeking item.
- I** Glue on the tail, then add any clear stamp accents.
- J** The Perfect Hug: Slip your gift card envelope, Mini Tear-off Calendar, or what-have-you, under the nose and hooves. Score the unicorn body at the end of the item and fold the tail up and around.
