TREAT WRAP BASKET

1 Die cut the Present Treat wrap from your desired cardstock color.

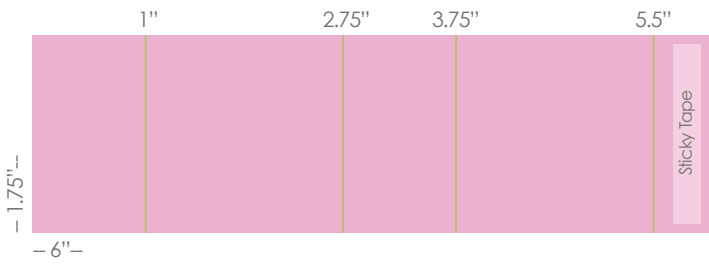

2 Place the basket weave die onto the treat wrap to cut the design into either or both the front and the back of the treat wrap.

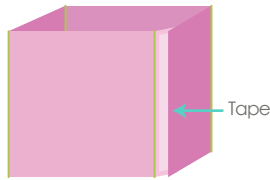

3 If you wish to create a basket that is closed on the left and right sides, follow these steps:

a Cut a piece of cardstock measuring 6" x 1.75" in the same color as your basket wrap.

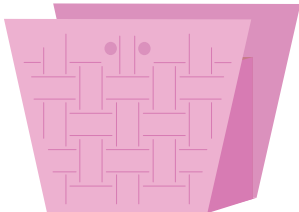

b Score at 1", 2.75", 3.75", 5.5"

c Crease on the score lines and adhere together using Sticky Tape on the small end flap.

d Adhere the box to the front and back of the basket treat wrap making sure the box is aligned with the bottom to prevent any candy from falling out.

4 Finish the basket by die cutting a handle and scalloped 'basket liner'.

Just add treats!
